SUMMARY

Software Developer with 4+ years of experience delivering and enhancing enterprise insurance solutions at Hollard Insurance.

Skilled in C#, SQL Server, JavaScript (Knockout.js, jQuery, AJAX), and Azure DevOps, with experience building system integrations, developing business-critical functionality, and supporting large-scale claims platforms.

Proven ability to collaborate within SAFe Agile teams to deliver reliable, maintainable solutions that improve operational efficiency and business outcomes.

Passionate about solving complex technical challenges and continuously expanding expertise in modern software development practices.

EXPERIENCE

05/2022 - Present

Software Developer

Hollard Insurance ↗

- Progressed from Graduate Software Developer to Developer, contributing to the enhancement and support of enterprise insurance applications within the Purple Heron claims platform.
- Developed and maintained business-critical functionality using C#, SQL Server, JavaScript (Knockout.js, jQuery, AJAX), and .NET technologies, improving operational efficiency and user experience.
- Designed and implemented database changes, including stored procedures, scripts, data fixes, and performance optimizations to support evolving business requirements.
- Developed and supported adaptor solutions and system integrations between internal and external platforms, ensuring reliable data exchange and system interoperability.
- Collaborated with Business Analysts, Test Analysts, and stakeholders in a SAFe Agile environment to deliver solutions aligned with business objectives and sprint commitments.
- Utilized Azure DevOps for source control, work item management, CI/CD, and deployment activities, supporting efficient software delivery practices.
- Investigated and resolved production incidents, defects, and support requests, contributing to system stability and service reliability.
- Participated in technical design discussions, estimation sessions, and code reviews, contributing to the continuous improvement of application quality and maintainability.

Additional Contribution – NEXUS Team (Cross-Functional IT Engagement)

- Planned and coordinated IT Connect sessions, ensuring smooth execution and engaging content for knowledge sharing across IT.
- Organized and participated in a department-wide Promptathon, contributing to ideation and implementation; part of the winning team, showcasing creativity and technical problem-solving.
- Planned and facilitated IT collaboration sessions aimed at fostering department culture, improving cross-team collaboration, and boosting morale.

03/2021 - 02/2022

Software Development Trainee

Mindworx Consulting and Academy ↗

- Completed an NQF5 Systems Development Higher Certificate, which included C#, SQL, Java, VB.Net, Web Development, E-Commerce and Project Management as modules.
- Effectively collaborated with team members in a software development team and personnel in other departments.

- Worked on two development projects: One software application and one website.
- Participated in weekly presentations to provide stakeholders with updates on project progress.
- Completed an Azure DevOps bootcamp.

01/2021 - 03/2021

Teacher

Feed My Lambs

- Taught Grade 7 Technology for one term.
- Planned and implemented integrated lessons to meet national standards.
- Communicated frequently with parents, students and faculty to provide feedback and discuss instructional strategies.
- Instructed students in core educational principles, concepts and in-depth subject matter.

EDUCATION

2022

Software Development

Mindworx Academy

NQF5 Systems Development Higher Certificate

01/2017 - 12/2019

Information Systems / Business Management

Damelin College

BCom Information Management

Majored in Information Systems and Business Management.

Other modules completed:

- Web Design
- Principles of Databases
- Networking Fundamentals
- Operating Systems
- Advanced Systems Development
- Quantitative Techniques
- Project Management
- Financial Accounting

CERTIFICATES

05/2022 - Present

Microsoft Certified: Azure Fundamentals

08/2022 - 08/2023

Certified SAFe Practitioner

SKILLS

CI/CD	Intermediate	React JS	Intermediate
REST APIs	Intermediate	ASP.NET MVC	Intermediate
C#	Intermediate	EntityFramework	Intermediate
JavaScript	Intermediate	Azure DevOps developer tools	Intermediate
SQL Server	Intermediate	jQuery	Basic
GitHub Copilot	Intermediate
